

Pumpkin Carving At NC WLA Headquarters And Helms Nature Preserve

Anthony and Nicole Martin and Renee McPherson work on their “masterpiece” pumpkins!! We found out Nicole (Dr. Martin) really is pretty handy with a scalpel blade and suture. Awesome work you guys!

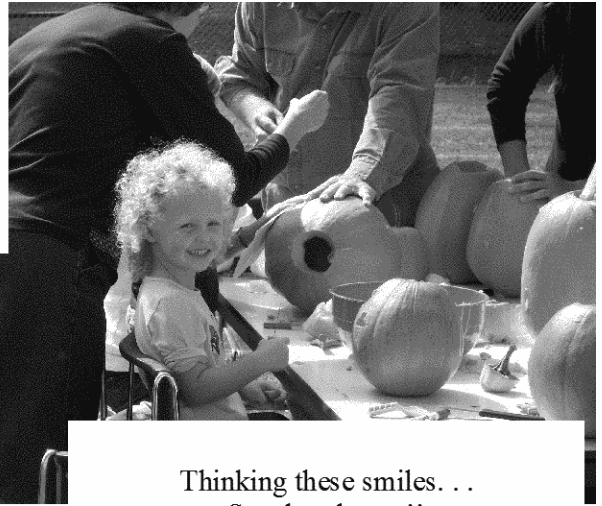

A beautiful autumn day brought out 13 kids and 17 adults to enjoy an afternoon of group pumpkin carving!! Know you know that the kids had a blast and the adults really enjoyed it too!! “I haven’t done this in forever!” and “ This brings back so many memories” and “ I forgot how fun this was!” were several of the comments. Needless to say, carving pumpkins was a big hit!!

Thanks to everyone that helped prepare the hotdog lunch!! They were so good with all the fixings!

A special Thanks to all the “extra” hands that helped with the kids and their pumpkins!
It turned out to be a wonderful day! It is special to be a part of days like this that will become fond memories for these kids for years to come!!

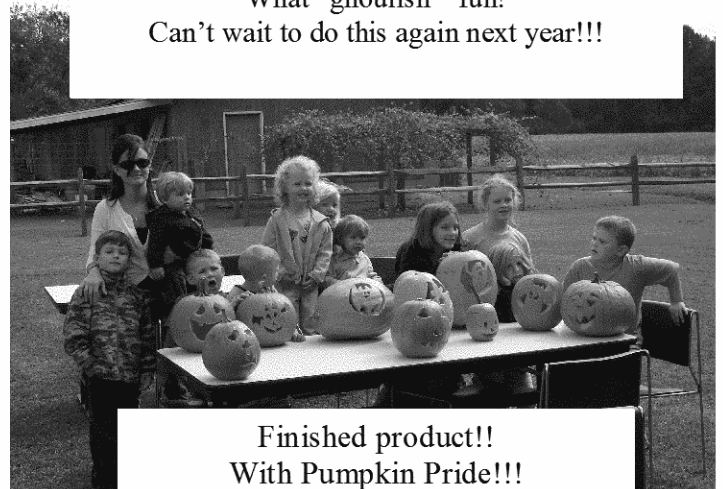

Happy Fall Ya’ll!!

Thinking these smiles. . .
Speak volumes!!

Pumpkin Carving Fever has struck!!
Diggin’ out the pumpkin “guts” was cool!!
What “ghoulish” fun!
Can’t wait to do this again next year!!!

Finished product!!
With Pumpkin Pride!!!
