

Wildlife Action Skeet Shoot

By Sr. VP of Hunting, A. Jack Inman

On Saturday, May 2nd, over 20 WLA members (both young and old) gathered at the Honey Hill Shooting Sports for a day of skeet shooting and fellowship. Many enjoyed their very first experience of shooting on an actual skeet range. Thanks to the generosity of Mr. Andy Wayne, owner of the preserve. It was a wonderful day, the weather was perfect and the facility was truly a beautiful sight. If you missed the event, stay tuned to Wildlife Action and the Pride, we will be planning another event soon, thanks to the generous offer of Mr. Wayne. Lunch was served on the huge back deck of the lodge overlooking the lake and Allison surprised Mr. Wayne with a North Carolina Certificate of Appreciation for his generosity to WLA. After lunch, everyone moved to the competition course for more intense action. It was truly a great day of fun and we all learned from experience. After all, isn't that what Wildlife Action is all about? . . . Remember the slogan. . . "To Put Back More Than We Can Take"
